STEP BY STEP GUIDE TO IMPORTING A NEW, TAX-FREE CAR INTO CYPRUS FROM UK.

1. **YOU CHOOSE YOUR NEW CAR**, AND WE SOURCE IT THROUGH OUR EXTENSIVE DEALER NETWORK, AT THE BEST POSSIBLE PRICE.
2. **IF YOU WILL REQUIRE FINANCE**, WE OBTAIN CLEARANCE (THROUGH UK FINANCE COMPANY) BEFORE YOU PLACE YOUR ORDER.
3. **WE ARRANGE TO HAVE YOUR CAR DELIVERED** TO SOUTHAMPTON DOCKS, AND FROM THERE SHIPPED TO LIMASSOL, INCLUDING MARINE INSURANCE (ALL RISKS, WITH NO EXCESS IN THE EVENT OF A CLAIM).
4. **WHEN YOUR CAR ARRIVES AT LIMASSOL**, WE ARRANGE TO MEET YOU AT THE PORT TO COLLECT YOUR NEW CAR. (See map)
5. **WE VISIT BOTH THE SHIPPING AGENT AND PORT CASHIER**, WHERE YOU WILL NEED TO PAY APPROX 320 EUROS TO COVER THEIR FEES.
6. **NEXT WE VISIT CUSTOMS** BUILDING, TO COMPLETE PAPERWORK. (See below for details of paperwork required).
7. **ON LEAVING CUSTOMS**, YOU WILL BE HANDED A RELEASE NOTE, WHICH ALLOWS YOU TO REMOVE YOUR NEW CAR FROM THE PORT, AND A FORM C72 FOR REGISTRATION.
8. **THEN TO THE CAR STORAGE AREA**, APPROX 300M FROM CUSTOMS, WHERE HAVING CHECKED OVER AND SIGNED FOR YOUR NEW CAR, YOU DRIVE AWAY.
9. **YOU THEN HAVE 28 DAYS** IN WHICH TO MoT YOUR CAR (ALL CARS ENTERING CYPRUS NEED AN MoT), AND REGISTER IT. *REGISTRATION FEES ARE 150 EUROS PER VEHICLE.*
10. **AS YOU LEAVE THE PORT**, HEADING BACK TOWARDS THE HIGHWAY, IF YOU TAKE THE FIRST TURNING LEFT, SHORTLY BEFORE THE TRAFFIC LIGHTS, YOU WILL SEE A SMALL GARAGE ON THE RIGHT DISPLAYING A SIGN WHICH READS 'SUZUKI SERVICE'. THEY WILL MoT YOUR CAR, AND ARE VERY HELPFUL. COST IS €35.

Here's a list of paperwork you will need:

Once you have a copy of your car's pink log book (VX302), visit the **SBA** and get a **form C104A**. If they insist on seeing the original, you will have to wait until it arrives from UK. **Please let me know asap if this is the case, as we may need to ask the dealer to post it to you directly.**

(Otherwise, the supplying dealerships post the VX302 and CoC to the shipping agent by recorded delivery, following some docs sent to a BFPO address being lost in the post).

You should arrange **Motor Insurance**, to start from date that your car will arrive in Limassol. (I'll need a copy for the finance company, as they won't pay the dealer until they see your insurance). We recommend you using Forces Financial, speak to Nicky, Nicola.Evans@Forcesfinancial.com.

Customs will need following: **Passport, Military I/D, Motor Insurance, Driving Licence, C104A & VX302**. Copy of VX302 (Pink Log Book) may be acceptable if original still in the post, but **much** better to have the original. They may ask you to complete some forms in Greek if you only have a copy, and charge you to translate them. Even then, they will only allow you temporary importation until the original arrives. You will then have to return and complete more paperwork.

When you go to register your car, you will need above docs, **2 x registration stamps** (We will supply the stamps free of charge to our customers), plus an **MoT certificate, the CoC and a form C72** which you will receive from Customs. **If you own any other tax-free cars, you should take the docs along for these vehicles, too.**

You will also receive your copy of the customs form **VAT 411**, which you should bring along to show Customs and the registration office.

Best to keep a file with all docs in it, including shipping and marine insurance copies.

NEW ROAD TAX CHARGES FROM 1 JANUARY 2014:

Emissions of 0-120 g/km..... €0.50 per gramme

121-180 g/km.... €3.00 per gramme

over 180 g/km....€8.00 per gramme

eg. If you have a car of 150 g/km, you will pay $120 \times 0.50 = €60$, plus $30 \times 3 = €90$

Total = €150 (for 12 months)

If you have a car of 174 g/km, you will pay $120 \times 0.50 = €60$, plus $54 \times 3 = €162$,

Total = €222 (for 12 months)

Registration fee is €150 per vehicle.
